To whom it may concern,

It is my pleasure to recommend Trainer.BG and its team. NikolayDimitrov and Alessyalvanova led a very useful and interactive 2 h 30 min training at our Local Induction Seminar (9th-11th November 2012). The audience consisted of around 40 members and team leaders of the Local Committee of the NGO AIESEC in Technical Univeristy (the members are different students from all universities in Sofia). The overall effect was – development in presentation skills, team building, gaining knowledge and fun. We are thankful to both Nikolay and Allesya for the efforts and for being our honorable AIESEC alumni.

Sincerely,

Emil Nikolov
